The EIC Spring Conference will commence as usual with a **Welcome Reception and Networking event** at the conference hotel (*InterContinental Lisbon*) on Thursday evening from 19:00 to 20:00 hrs. providing for an excellent occasion to network between international contractors, associated member companies, speakers, sponsors and invited guests. Buses for the **Gala Dinner** at the Palácio dos Condes d'Obidos will leave at 20:00 hrs. and will return to the hotels at approximately 23:00 hrs.

The **Working Programme** on Friday starts at 09:00 hrs. with a **Workshop** dedicated to the theme “**Infrastructure Financing in Africa - What Future for European international contractors?**”. The objective of our EIC Workshop is to analyse the future business opportunities for European international contractors in Africa and to examine which sources of financing will be available. EIC and FEPICOP have invited high-level experts from the Portuguese Government, the European Commission as well as from European and multilateral Development Financing Institutions and from a leading international commercial bank to request their insights on how to overcome Africa's infrastructure financing gap (cf. [Enclosure](#)).

The internal **General Assembly** will be held after Workshop and lunch break, from 14:00 - 16:00 hrs. EIC Delegates are requested to stay on for this programme item in order to take the necessary statutory decisions, including the EIC Budget and Subscriptions, Membership Issues, and (Re-) Elections of the EIC Board, and to familiarise themselves with the latest EIC lobbying activities.

The **Accompanying Persons' Programme** on Friday starts at 09:30 hrs. from the lobby of the conference hotel and will take participants to experience a private cooking class on how to prepare the typical sweet treat of the region, 'pastéis de nata' (custard tart).

EIC and FEPICOP are currently checking possible options for the **post-conference dinner on Friday evening** in a nice Portuguese restaurant in either the Bairro Alto or Belém, capable of accommodating a larger group. An additional fee of 75,00 € p.p. applies and includes transportation and all expenses.
